

Foundations 54×19" Counter-Height Ipe Rail Table

40300 | Foundations Collection

DESCRIPTION

Make the most of a balcony or verandah with the Foundations 54×19" Rectangular Rail Table. Designed for more intimate outdoor areas, this compact table comfortably seats up to four side counter-height chairs for alfresco dining and entertaining when space is limited, but the desire for leisure knows no bounds. The thoughtful assembly of individual slats of Ipe timber forms the linear details of the rectangular tabletop, straight legs and lower frame.
