

# Savannah Swivel Rocker

58440 | Savannah Collection

## DESCRIPTION

The lemonade tastes even sweeter and the breeze feels even better as you while away the days in the Savannah Swivel Rocker from Jensen Outdoor. Nothing captures the classic charm of Americana more than an old-time country rocker, but Savannah gives this favorite a fresh new twist by adding a 360-degree swivel with full rocking motion that makes naps only natural, along with a supportive backrest, strong arms, and chiseled legs crafted from sturdy, individual slats of teak timber.
