

Opal Arm Chair

63010G | Opal Collection

DESCRIPTION

More than a place to sit, the Opal Arm Chair is a standout in any setting. It features the elegance to stand on its own yet is also divine for lounging or dining at any dining table from Jensen Outdoor. Its comfortably slanted backrest and supportive seat are crafted from fine, individual slats of Ipe timber in a linear design. Its backrest bares the signature open "O" accent of the Opal Collection, which is inspired by the dazzling stone of the same name. Making a transitional design statement that sits well in any décor, the Opal Collection sparkles with fine craftsmanship and 100% FSC-Certified Ipe timber sustainably sourced from dry, tropical forests in Bolivia. Ipe timber offers phenomenal durability and resistance to the natural elements, from weather and moisture to sun.
