

MADE TO INSPIRE FOR THE 2027 SEASON

Timeless Furniture  
from Forever Forests

# MADE TO INSPIRE

## Welcome to the 2027 Collection — *Outside of Ordinary.*

For decades, Jensen Outdoor has held a singular belief: that the finest moments of life happen outdoors, surrounded by nature, comfort, and uncompromising quality. As we turn the page to 2027, that belief remains our anchor, even as we boldly expand what sustainable luxury wood furniture can achieve.

This year's portfolio reflects our commitment to 100% FSC®-certified timber, ensuring every dining table, deep-seating frame, and ergonomic lounge is truly heirloom-grade. This season, we are thrilled to introduce three signature collections that push the boundaries of design: **Aeris**, which blends clean, modern aluminum frames and airy woven backs in two color combinations with warm teak or lpe arm accents; **Sonnet**,

a mid-century modern teak collection designed for versatile, cushion-optional dining and deep seating; and **Umbra**, a striking barrel-backed collection featuring a beautiful woven design in two colors paired with an lpe-accented frame.

True luxury should never cost the earth. Every piece in this catalog carries our promise of purposeful conservation, protecting millions of acres of vulnerable tropical woodlands while bringing enduring elegance to your residential or commercial landscape.

From our families to yours, thank you for allowing us to be part of your most cherished gatherings. We invite you to explore the 2027 collection and find your inspiration to live life outside of ordinary.

and Airy Weave

# AERIS

OPEN IN FORM, ELEVATED IN COMFORT.

The Aeris collection brings a light, architectural presence to outdoor living, designed by Chris & Jon Panichella for Jensen Outdoor.

Aeris reveals rather than conceals its structure, pairing an open powder-coated aluminum frame with a dimensional, tri-color Solara fiber weave. Offered in Cool Mist or Oatmeal Taupe, each colorway creates a sense of depth while arm accents in either Ipe or teak introduce the natural warmth of hardwood.

Beneath the deep seat cushion, a structural sling provides supportive give for a lounging experience that feels cushioned and lightly suspended. Cushions are available in a choice of Sunbrella® or Ultraleather® performance fabrics.

Aeris brings together clean geometry, material contrast, and quietly refined comfort.

# BREEZE

## ENVELOP YOURSELF IN THE EASE OF BREEZE

Effortless style meets lasting strength with the Breeze Collection designed by Edi & Paolo Ciani for Jensen Outdoor.

Finished in Sand or Slate powder-coated aluminum, Breeze presents a light, modern silhouette enriched by the warmth of Ipe.

Nine colorways of Serge Ferrari soft-touch sling seats and backs offer enduring comfort, ensuring resilience season-after-season.

Breeze pairs flawlessly with Mesa tables from the Foundations collection, creating a cohesive, contemporary dining experience.

# FOUNDATIONS

## PICK AND PAIR DINING & ACCESSORY TABLES

A growing table collection with new aluminum introductions for the 2027 season, Foundations is the essential dining and accessory tables collection from Jensen Outdoor.

Ready to pair with any furniture in Teak, Ipe, or Aluminum, Foundations continues the design legacy of Povl Eskildsen and John Caldwell, now expanded with new Mesa, Arc, and Sage pieces from Edi & Paolo Ciani.

The Sage Serving Buffet—winner of the 2025 Design Excellence Award for Complementary Casual Products – Furnishings—highlights the thoughtful innovation shaping this expanded collection.

Powder-coated aluminum in the new Mesa and Arc tables adds lightness and durability, while FSC®-Certified Teak and Ipe provide the familiar warmth and integrity that define Jensen Outdoor. The result is a versatile blend of strong, beautiful forms crafted to anchor outdoor spaces of every scale.

INSPIRED BY MID-CENTURY, WOVEN FOR THIS CENTURY.

Elevate your outdoors with the Inception collection designed by the legendary John Caldwell for Jensen Outdoor.

Inception has FSC®-Certified, golden-blonde, Teak accents pairing with a magnificently mid-century bronze-hued woven frame.

Inspired by the indoor designs of the mid-century greats, Inception has a debonaire flair for comfort.

The woven frames defy expectation by appearing to "float" above the ground and the Teak arms and table tops allow for maximum hand-feel during lounging sessions.

# INNOVA

## DELIGHTFULLY NEW, YET PLEASINGLY FAMILIAR.

Jensen Outdoor is proud to welcome you to the award-winning Innova collection of modernized classic Ipe-wood designs.

Our story begins with Trellis, the modern lounge chair by Edi & Paolo Ciani that earned the prestigious 2023 International Casual Furnishings Association Design Excellence Award in the lounge seating without cushion category. The Ciani studio continues its influence with Cradle, Enza, Whisper, and Sway, each expressing sculptural clarity through the warmth of Ipe.

Chris & Jon Panichella extend Innova's architectural language through the Harper and Aurora families—including dining armchairs, side chairs, benches, and a counter-height Ipe side chair designed to introduce a range of entertaining possibilities.

Finally, the Melody 43" backless dining bench from John Caldwell merges geometry and comfort through floating seat panels that rise lightly above a strong sled-foot base—an elegant conclusion to a collection defined by thoughtful craft and enduring form.

The craftsman Savannah deep seating and dining collection is Jensen Outdoor's homage to modern Americana.

The seat frame is robustly crafted from 100% FSC®-Certified Teak timber and the outdoor cushions are enveloped in your choice of Sunbrella® or Ultraleather®.

Savannah offers durable comfort with understated lines reminiscent of middle-America. Feel the construction techniques of the craftsman movement with a pyramidal crown atop the arm rests that connects directly to the front leg of the chair. Additionally, the under-arm post is a design detail that will delight your hands during hours spent reminiscing with family and friends.

# SOLEO

## THREE COLORWAYS OF INSPIRED ITALIAN DESIGN

Soleo reimagines midcentury deep seating through sculptural teak and handwoven Solara fiber, designed for Jensen Outdoor by Edi & Paolo Ciani.

Soleo's iconic form channels the quiet sophistication of Italian design while delivering enduring performance outdoors.

It's three distinct woven colorways are Ivory, Tawny Brown, and Nebula Gray—each borrowing the colors of the other but repurposing them in a new orientation to give a refined look no matter which you choose.

The result is a woven collection with versatility, crafted to inspire in any outdoor environment.

## MID-CENTURY FORM, NATURALLY AT EASE.

Bring the warmth of mid-century design outdoors with the Sonnet collection, designed by John Caldwell for Jensen Outdoor.

Masterfully crafted from 100% FSC®-certified teak, Sonnet shapes clean lines and gentle curves into inviting proportions made for lingering outdoors. The golden teak can be maintained in its original tone or allowed to weather gracefully into a silver patina.

Each seat is designed with a generous, comfortable depth, allowing the smooth teak frame to be enjoyed on its own throughout the season. Segmented cushions in Sunbrella® or Ultraleather® performance fabrics can also be added for a more tailored experience.

to Neoclassical

---

# SORRENTO

## TASTEFUL TEAK DEEP SEATING AND DINING

Sorrento, from English designer Alan Morley, takes a new approach to neoclassical with dining and deep seating.

Sorrento revives the timeless lines of the ancients with modern outdoor dining and deep seating. Scaled for king-size comfort, the Sorrento dining chair is a reinterpretation of the Greek “Klismos” chair favored by royalty for events where

elegance and comfort are required. Sorrento deep seating reinterprets classical proportions in generous modular and traditional configurations.

Sculptural Teak elements create a bold architectural presence, while light-yet-strong frames, plush cushions, and refined detailing deliver effortless luxury.

## IN MARINE-GRADE ULTRALEATHER

Tempo is the award-winning Italian-designed, all-weather collection you can set and forget outside without the concern of moving your cushions whenever overcast skies turn to rain.

Offered in twelve colorways of Ultraleather® marine-grade animal-free leather, the frame is elegantly crafted from lpe timber.

The deep, chocolate-brown color of lpe wood can be enjoyed for generations or allowed to transform with sun and time into a silver patina.

Tempo embodies Italian elegance expressed in the soft curves of the seat being cradled by the firm lines of the lpe wood frame. Additionally, the contrast-stitched seam adds a pop of interest to an already interesting collection.

with Ipe Detail

# UMBRA

SCULPTED IN WEAVE, SHAPED BY LIGHT.

Bring a soft architectural presence to outdoor living with the Umbra collection, designed by Chris & Jon Panichella for Jensen Outdoor.

Umbra's sculpted, barrel-shaped silhouette is defined by a handwoven Solara fiber back that shifts subtly in tone as the light moves throughout the day. Offered in Silver Wolf and Sahara Dust, the dimensional weave is paired with accents of 100% FSC®-certified Ipe at the arms and feet for natural warmth and refined material contrast.

Deep waterfall cushions in either Sunbrella® or Ultraleather® performance fabrics create a generous, inviting sit. The rich chocolate-brown Ipe can be maintained in its original tone or allowed to weather gracefully into a lustrous silver patina.

## URBAN COMFORT FOR TRADITIONAL TASTES.

Unicon brings traditional design to an urban scale easily able to fit on any porch or patio.

Designed by Swedish craftsman Dick Björk for Jensen Outdoor, Unicon boasts an FSC®-Certified deep chocolate-brown lpe wood frame which cradles your choice of Sunbrella® or Ultraleather® fabrics wrapped around multi-layer performance cushions.

Alight on the set-it-and-forget-it comfort of the Unicon dining seating with lpe frames married to a comfortably durable bronze colorway of handwoven Solara Fiber seat.

Take in the transitional fluted lpe wood back frets of the sectional and deep seating frames paired with traditional arm-rest necks meant to give maximum hand-feel during use and potent eye-catching design when being viewed from afar.

# TIMELESS TIMBERS' NATURAL BEAUTY

How Ipe and Teak Age Gracefully.

*Timber is nature's wallpaper. When left outdoors, wood furniture will age beautifully to a silver-patina. Whether you maintain the as-new finish or luxuriate in the weathered aesthetic is completely up to you.*

*The stain applied to Ipe and the oil inherent in Teak may leave a faint imprint on the back of cushions that rest on wood frames. Our cushions are designed for a perfect fit in a single orientation, meaning no transfer marks will be visible and can be treated to soften the appearance at any time.*

New Ipe

Aged Ipe

**Ipe**, pronounced 'EE-Pay', is a Bolivian hardwood prized for durability through density; taking over 100 years of slow growth to achieve maturity.

Ipe timber exhibits a deep chocolate-brown grain when new that may be allowed to naturally age to a silver patina or be brought back to an 'as new' finish with our color-perfect Penofin® Verde stain.

New Teak

Aged Teak

**Teak**, sustainably farmed in Brazil and Costa Rica, has a high natural-oil content, withstanding outdoor weather with superb stability.

Teak arrives naturally as a brilliant yellow wood and is sought after for the elegance of the soft silver-tone finish that it weathers to over time.

Right: Opal Lounge Aged 1 Year +

# CARE TIPS

For Jensen Outdoor Furniture

**Wood**  
Ipe and Teak are natural materials that when left alone outdoors will weather to a graceful silver-tone finish. The look and feel of wood is a key appeal to owning natural outdoor wood furniture. To keep yours looking it's best consider these easy care tips:

- 1. Apply **Wood Shield** to protect against water and food stains, then enjoy your set for the season.
- 2. As spills, dirt, or dust occur wash with a soft towel and mild dish soap, then rinse clean with water.
- 3. Teak is meant to be enjoyed with a well-aged silver-patina, as needed repeat steps 1 and 2.
- 4. Ipe may also be enjoyed with a silver-patina or may be restored to it's 'as new' color by cleaning and applying **Penofin® Verde** as directed.

**Cushions**  
Sunbrella® performance fabrics are made with 100% solution-dyed acrylic to stay color-fast year after year. To keep your cushions in tip-top shape:

- 1. Apply **Fabric Protector** to cushions to make them stain and mold repellant.
- 2. It's recommended to place your cushions in a dry, covered space when not in use.
- 3. As spills, dirt, or dust occur wash with a bristle brush and mild dish soap, then rinse clean with water.

**Weave**  
Handwoven Solara Fiber is made for outstanding durability. To maintain your woven surfaces:

- 1. To remove dust, simply clean with a bristle brush and lightly rinse with water as needed.

Never pressure wash your furniture as there is a high risk of damage to the finish. Always follow all directions as indicated on the care supply packaging.

Before: Restore

After: Restore
